### OBJECTIVE

---

Aspiring Frontend Developer and second-year Computer Science student seeking an internship opportunity to build practical experience in developing responsive and user-friendly web applications.

### EDUCATION

---

#### **Bachelor of Technology (B.Tech) in Computer Science and Engineering**

Shadan Women's College of Engineering and Technology, Hyderabad

CGPA: 9.7 / 10

### SKILLS

---

HTML, CSS, JavaScript (Basic Proficiency), Python, C, Java  
(Fundamentals), NumPy, Tableau, Google Colab, Jupyter Notebook, Visual Studio Code, GitHub

### INTERNSHIP EXPERIENCE

---

#### **Web Development Intern**

CodSoft - Remote | Oct 2025 - Nov 2025

- Developing responsive and visually appealing web pages using **HTML, CSS, and JavaScript (basics)**.
- Collaborating on assigned tasks and projects to understand professional web development practices.
- Gaining hand-on experience in building and styling websites aligned with modern design standards

### PROJECTS

---

#### **Campus Connect Hub** | Frontend + AI Student Platform

**Technologies:** HTML, CSS, JavaScript, Firebase, Deepseek R1 AI Model

- Built a platform for students to post updates, create events, and form study groups.
- Implemented Firebase Authentication for secure user login and registration.
- Developed a resume tailoring feature for personalized student resumes.
- Integrated AI-powered chat using Deepseek R1 model for instant student assistance.
- Focused on responsive and user-friendly frontend design to enhance engagement.

#### **Chatbot Mavia** | Instant Response Chatbot

**Technologies:** HTML, CSS, JavaScript, Python

- Developed a simple chatbot capable of providing instant replies to user queries.
- Implemented frontend interface with HTML, CSS, and JavaScript for smooth interaction.
- Integrated Python backend logic to process inputs and generate appropriate responses.
- Focused on creating an interactive and user-friendly experience.

### ACHIEVEMENT

---

**Runner-Up, Technosphere '25** — Felicitated for one of the best implemented ideas, **Campus Connect Hub**.
